

New Brighton Comprehensive Plan

Appendix G — Sources

Many different sources are used throughout the 2030 New Brighton Comprehensive Plan Update. Because of this, there may be situations where different sources come to different conclusions on like issues, such as projected population. Because of this there has been an effort throughout the plan to site which source was used to derive the information presented. Below is a list of sources used throughout the plan. Please be aware that every source uses different methodologies in deriving their specific information and a conscious effort was made to note these methodologies when they are known.
